A BILL FOR AN ACT

RELATING TO MEDICAL USE OF MARIJUANA.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1 SECTION 1. The legislature finds that modern medical  
2 research has discovered a beneficial use for marijuana in  
3 treating or alleviating the pain or other symptoms associated  
4 with certain debilitating illnesses. There is sufficient medical  
5 and anecdotal evidence to support the proposition that these  
6 diseases and conditions may respond favorably to a medically  
7 controlled use of marijuana.

8 The legislature is aware of the legal problems associated  
9 with the legal acquisition of marijuana for medical use.  
10 However, the legislature believes that medical scientific  
11 evidence on the medicinal benefits of marijuana should be  
12 recognized. Although federal law expressly prohibits the use of  
13 marijuana, the legislature recognizes that a number of states are  
14 taking the initiative in legalizing the use of marijuana for  
15 medical purposes. Voter initiatives permitting the medical use  
16 of marijuana have passed in California, Arizona, Oregon,

17 Washington, Alaska, Maine, Nevada, and the District of Columbia.

18 The legislature intends to join in this initiative for the  
19 health and welfare of its citizens. However, the legislature  
20 does not intend to legalize marijuana for other than medical

Page 2

1 purposes. The passage of this Act and the policy underlying it  
2 does not in any way diminish the legislature's strong public  
3 policy and laws against illegal drug use.

4 Therefore, the purpose of this Act is to ensure that  
5 seriously ill people are not penalized by the State for the use  
6 of marijuana for strictly medical purposes when the patient's  
7 treating physician provides a professional opinion that the  
8 benefits of medical use of marijuana would likely outweigh the  
9 health risks for the qualifying patient.

10 SECTION 2. Chapter 329, Hawaii Revised Statutes, is amended  
11 by adding a new part to be appropriately designated and to read  
12 as follows:

13 **"PART . MEDICAL USE OF MARIJUANA**

14 **§329-A Definitions.** As used in this part:

15 "Adequate supply" means an amount of marijuana jointly  
16 possessed between the qualifying patient and the primary  
17 caregiver that is not more than is reasonably necessary to assure  
18 the uninterrupted availability of marijuana for the purpose of

19 alleviating the symptoms or effects of a qualifying patient's  
20 debilitating medical condition; provided that an "adequate  
21 supply" shall not exceed three mature marijuana plants, four  
22 immature marijuana plants, and one ounce of usable marijuana per  
23 each mature plant.

5 of the plant.

6 "Written certification" means the qualifying patient's  
7 medical records or a statement signed by a qualifying patient's  
8 physician, stating that in the physician's professional opinion,  
9 the qualifying patient has a debilitating medical condition and  
10 the potential benefits of the medical use of marijuana would  
11 likely outweigh the health risks for the qualifying patient. The  
12 department of public safety may require, through its rulemaking  
13 authority, that all written certifications comply with a

14 designated form. "Written certifications" are valid for only one  
15 year from the time of signing.
